

WIRELESS "SMART" SLOPE LASER

**Introducing the new standard
in high accuracy, auto aligning
slope lasers.**

- **WORLD'S MOST ACCURATE LASER**
(300% MORE ACCURATE!)
- **WORLD'S FIRST SMARTLINE®** AUTO-ALIGNMENT FEATURE
- **WORLD'S FIRST SMARTREMOTE®**
- **WORLD'S FIRST "TILTLESS" STEEP SLOPE LASER** (UP TO 25%)

It's time.

What does it take to make the world's most accurate laser? It takes high accuracy manufacturing. A company that's not reliant on mixing and matching components from third-party vendors. It takes years of experience manufacturing the most advanced leveling systems like those found in high accuracy survey equipment. Only Topcon has the experience, and only Topcon has the RT-5SW laser.

Total Station accuracy, unbeatable repeatability...

The **RT-5SW** is the most repeatable laser in the world, with a level vial 10 times more repeatable than the competition! You're also using world first technologies like thermal software that's derived from the characteristics of each RT-5SW after testing over extreme temperature ranges, and an auto-alignment system so unique, it's patented.

Advanced technology, simple operation...

With the RT-5SW, simplicity starts with the RC-300 two-way communicating remote. All features of the RT-5SW are accessible. Battery life, rotation speed, and auto-alignment are a few of the time saving features displayed on the large LCD.

Slopes up to 25% can also be entered on the RT-5SW without tilting the unit.

Like all Topcon lasers, the RT-5SW is a survivor. An all metal, dust/waterproof, sealed housing, and a warranty second to none means it'll be there when you're ready to work.

RT-5SW

Wireless "Smart" Slope Laser

How do you create a laser that's 300% more accurate than the closest competitor? You start with the world's most accurate...

Grade System

- Super accurate, Total Station based absolute encoder system
- High reliability
- User definable grade axis
- Set grades up to 25% without tilting the unit

SmartLine™ Alignment System

- Fast, accurate set-up
- Eliminates human error
- Aligns from center pivot point, not a top-mounted scope
- Automatic second day set-up. Always matches previous day's hubs.

Automatic Grade Setting

- Simple and accurate grade matching
- One person setup
- Eliminate hassle of manually finding detector
- Works up to 492ft (150m)

Wide Array of Power Management Choices

- Rechargeable battery means no cables to tangle or tear
- Convenient 6-hour quick charge
- 12vdc connection powers the laser and recharges the battery at the same time
- One piece "holder" alkaline battery pack

RC-300 Remote

Full RT-5SW control, up to 1,000 ft. (300m)

- Two-way communication
- Backlit LCD display
- Auto display shut-off
- Waterproof, dustproof, and shockproof
- 6-month battery life
- Controls all RT-5S functions

Easy-to-see, backlit, icon-based LCD:

Fast, dependable, durable, accurate. 300% more accurate!
The RT-5SW - all all the laser, with all the features, you'll ever need.

Accessories

56102 RD-10 Remote Display for LS-70A

Tripods

Topcon offers a full line. Contact your local Topcon Dealer for more info

Grade rods

Topcon offers a full line. Contact your local Topcon Dealer for more info

Weather protected, flexible antenna folds down for storage

Removable SmartRemote™ with large LCD provides full operation of the laser up to 1,000 ft (300m) away

Dustproof and waterproof rugged cast aluminum housing holds up to everyday bangs and bumps. And dual side, sturdy handles prevents accidents

Battery compartment with secure hold battery tray, and run/charge capability with a converter that won't allow charging when alkaline batteries are being used

Heavy duty glass protects "lighthouse," rubber bumpers protect remote

Selectable rotation speeds from 300 to 900 rpm

Patented SmartLine™ system makes second day set-ups easy and accurate

Large grade axis indicators for easy alignment

LS-70A SmartReceiver™

- Two-way communication for HI Alert and Laser Battery Status.
- Front and back display
- 12 levels of LCD display precision
- Adjustable audible on-grade horn
- Out of range display
- Extended battery life
- Simple snap in battery system
- Quick find beam finder system
- Durable, rubber bumper protection
- "SmartClamp" adjustable rod clamp
- Easy-to-see circular level vial for accurate readings
- Auto shut-off

- Fine or course grade selector
- Indicates 12 levels of grade
- HI alert indicator
- Laser/sensor battery life

RT-5SW standard package includes

- Rechargeable Ni-MH Battery Pack
- LS-70A Laser Receiver w/Holder
- AD-9B Converter
- RT-5SW Laser
- Hard Shell Carrying Case
- RC-300
- Target

The Leader in Positioning Technology...

Topcon offers positioning products that deliver unparalleled site-wide performance and integration. Topcon's history of technological advances and our reputation for superior reliability means there's no other company positioned to provide you with a better "Total Positioning Solution".

From survey to inspection Topcon, through our 170+ dealers throughout North and South America, provides the innovative technology that gives surveyors, civil engineers, contractors, equipment owners, and operators the competitive edge by addressing such critical issues as increasing profits, quality craftsmanship, improving productivity, lowering operating costs, and enhancing job site safety.

Full positioning integration field-to-finish: That's the goal of Topcon. When it's time for you to step up to the next level, it's time to turn to Topcon.

The Leader in Customer Satisfaction...

To ensure that your Topcon laser maintains peak performance, your local Topcon dealer offers factory trained and certified service technicians. If service isn't available in your area, our factory offers a repair and return policy second to none.

Specifications

RT-5SW

| | |
|-------------------------|------------------------------------|
| Accuracy | ±5" (1/32"@100') (1mm@40m) |
| Range | 4000' Dia. (1200m Dia.) |
| Laser Source | Visible Diode (680nm) |
| Laser Power | High 4.5mW/Low 2.5mW |
| RPM (Selectable) | 300, 600, 900 |
| Grade Range | X:±10% Y:±25% without tilting unit |
| Battery Life (Alkaline) | 45 hrs. (4 D-cells) |
| Standard Warranty | 2 years |
| Housing Construction | Cast Aluminum |
| Environmental | Water/Dustproof (IPX6) |

RC-300 Remote

| | |
|---------------|--|
| Display | High Contrast Graphical with Backlight |
| Functions | X & Y Grade, Rotation Speed, Sensitivity, Beam Power, Masking, SmartLine Auto-Alignment, Backlight |
| Range | Two-Way Comm. 1,000' (300m) |
| Battery Life | 3 Months |
| Auto Shut-Off | Yes |
| Belt Clip | Yes |
| Environmental | Waterproof/Dustproof/Shockproof |

The Leader in Positioning Technology...

Unmatched machine receiver compatibility

When you're ready to put your RT-5SW to work with your backhoe, mini-excavator, tractor, or just about any other machine, we have a laser receiver perfect for your job and your laser. Topcon manufactures a full range of laser receivers, from manual grade indicate to fully automatic receivers that work with your machines hydraulics to control the cutting edge. Ask your Topcon Authorized Dealer for more information.

General Construction Lasers

The RL-H3 Series of infra-red construction lasers is a Topcon best value, with a host of World-Leading features at unbeatable prices. They're the perfect general construction laser for any contractor's needs.

Choose from:

RL-H3A: fully automatic, self-leveling with 1,150' (350m) operating radius

RL-H3CL: fully automatic, self-leveling with long 820' (250m) range

RL-H3CS: fully automatic, self-leveling, slope match capability with 500' (150m) operating radius

RL-H3C: fully automatic, self-leveling with 500' (150m) operating radius
